Cardero Resource Corp. Acquires Securities of Centenera Mining Corporation

Vancouver, British Columbia...Cardero Resource Corp. (“Cardero” or the “Company”) – (TSX: CDU, OTCBB: CDYCF, Frankfurt: CR5) announces that, pursuant to their news release dated May 28, 2015, effective June 18, 2015, the Company has acquired an aggregate of 23,743,781 common shares, representing 54.46%, of Centenera Mining Corporation (formerly Artha Resources Corp.) (“Centenera”) (TSXV: CT).

Cardero, through the reverse takeover of Centenera, has sold to Centenera all of Cardero’s interests in their wholly-owned Argentine subsidiary, Cardero Argentina, S.A. (“Cardero Argentina”). Cardero Argentina’s principal assets include the 100% owned Organullo Gold deposit, located in Salta province, Argentina, the 100% owned former-producing Mina Angela Gold deposit, located in Chubut province, southern Argentina, and an extensive proprietary exploration data-set covering northwestern and west-central Argentina.

A copy of the Early Warning Report filed under Part 3 of National Instrument 62-103 with respect to the foregoing acquisition is available upon request to Marla K. Ritchie, Corporate Secretary of Cardero, at 604-408-7488, ext. 3886.

With Cardero’s focus on bulk commodities over the past seven years, its mineral assets in Argentina were not an area of focus and effectively provided no value to shareholders. With the completion of the Transaction, the Argentinean assets have transferred to a separate Argentina-focused vehicle sharing management with Cardero, which is 54% owned by Cardero. The Transaction does not result in any other change to Cardero, its management or operations.
